PUSHCARTS MUST GO.

TO KEEP STREETS CLEAR.

Special Committee Will Advise Building of Several Markets.

For nearly six months a special committee appointed by Mayor McClellan has been investigating the pushcart situation and endeavoring to find a solution of this difficult civic problem. The committee included the department commissioners who were most interested and members of several civic reform bodies. Their opinlons as to the right way out of the pushcart difficulty differed widely in the beginning, but they have at last found a common ground, and their final report will be ready for the Mayor on July 10.

The work of the commission has been most thorough. Sub-committees were appointed and went into every phase of the problem. Pushtart owners have been examined and their side of the matter given full attention. Commissioner Woodbury of the Department of Street Cleaning presented forceful arguments in favor of driving the pushcart men from the streets entirely and putting them in markets in various parts of the city. These arguments he backed up with reports from his subordinates, showing In detail the trouble which the pushcart men caused street cleaners. Dr. Darlington, of the Department of Health, even went into the immigration phase of the trouble, as well as the menace to public health through the sale of vegetables and fruit from uncovered wagons.

Every effort is being made to keep the find-Ings of the committee a secret until the full report has been presented to the Mayor for action. It is learned on good authority, however, that the report will strongly recommend that the city establish six or seven markets in different parts of the city, and that the bulk of the pushcart men be forced to take up their stands within the market boundaries. There they can be regulated by the police and the sanitary officers of the Department of Health. Major Woodbury has favored this solution from the beginning, and is said to have finally won over the others. over the others.

over the others.

The exact location of the markets is a matter which the committee will leave to the city authorities. It will be necessary to buy several blocks of property in different parts of the city. The market structures need not be expensive. On the West Side it is likely that the committee will recommend markets in the vicinity of Thompson and Sullivan sts., the heart of a growing Italian colony; at 27th-st and 7th-sve., where there is a large tenement settle-

ment of negroes and foreigners, and at some point in Harlem west of 8th-ave. On the East Side the space under the new on the East Side the space under the new East River bridge is already available as a market, and one section is being used by the fish pedlers. Another market would be advisable, many think, at 12th-st, and 1st-ave, and still another in Little Italy, the most crowd-

ed section of Harlem.

There is much evidence that even in the markets the pushcart pediers will need watching. Yesterday a roundsman detailed to the Street Cleaning Department discovered a curious practice in the fish market under the Will-lamsburg Bridge. He caught Anna Wolpert, a fish woman, in the act of painting the gills of the fish she had for sale. The fish were bethe fish she had for sale. The fish were be-ginning to be tainted and the gills had turned white. She put rouge on each gill, thus re-storing them to their normal appearance. The Health Department will make an examination the paint she was using

Imports of Merchandise for 1904-'05 Break All Records.

The totals for the year's commerce through the port of New-York and the duties collected therefrom were made public yesterday at the Custom House. The figures were estimated.

The imports of merchandise through the port for the year ending last night were valued at \$684,497,-M2, as compared with \$600,170,033 last year. The exparts of domestic merchandise were valued at \$506,foreign merchandise were \$13,491,306, as compared with \$13,192,294.

The imports of gold and silver bullion amounted to \$15,557,569, as against \$29,948,116. The exports of domestic gold and silver, including the large amounts exported for the payment of the French owners of the Panama Canal properties, amounted to \$102,142,556, szainst \$108,289,016, and of foreign gold and silver, \$6,465,531, against \$2,116,224.

The transit trade amounted to \$48,423,608, as compared with \$49,706,611, and of gold and silver, \$5,396,640, as compared with \$5,863,255. The duties collected on merchandise during the fixed year were lected on merchandise during the fiscal year were \$172.547.950 06, against \$170.972.541 69.

Attention was called to the fact that while the banner year for duties was 1902, when \$182.774.979 was collected, the value of imported merchandise that year was only \$618,705,662.

TO FORM BIG HOP COMBINATION.

Oregon Growers to Hold Convention in July to Further Project.

Portland, Orc., June 30.—A dispatch to "The Oregonian" from Eugene, Orc., says that it has been decided at a meeting of the hop growers to form a corporation to handle the crop of the Pacific Coast, with the purpose of controlling prices. It is the intention to hold a convention in July, which will be attended by delegates from the several hop districts in the State, to form the cor-

After the formation the crop of every grower will be transferred to the corporation, which will do the seiling. After Oregon is organized it is proposed to extend the field of the corporation to Washington and California and then to New-York, and thus place the control of the entire output of the United States under one corporation.

ATTACHMENT AGAINST PRISONER.

The Sheriff yesterday received an attachment for \$12,000 against the property of John H. Strosnider, otherwise known as James Strosnider or George Snyder, a promoter, who was arrested on Thursday in the Gainsborough apartments at No. 112 Riverside Drive, in favor of John A. Harriss, a broker, at No. 40 Wall-st., for money advanced last March. at No. 49 Wall-St., for money advanced last wards. The attachment was granted by Justice Truax, of the Supreme Court, on the ground that Strosnider was a resident of Pittsburg, Penn. A deputy sheriff served a copy of the attachment on the property clerk at Police Headquarters.

ADVANCE IN PRICE OF COAL.

The usual monthly advance of 10 cents per tor on domestic sizes of anthracite coal goes into effect to-day. This makes the second advance by the local retail dealers and the third by the coal operators, it being the fixed policy of the companies for the last three years. The retail price for July will be \$6.05 per ton in Manhattan and The

OFFERS CHEAPER RATES.

Atlantic Telephone Company Asks for New-York Franchise.

An application of the Atlantic Telephone Company for a franchise to carry on a general "telephone, telegraph and telautograph business in all boroughs of the city" was before the Board of Estimate yesterday, and was referred, after a hearing, to Controller Grout, for an inquiry as to the value of the franchise. At the hearing Colonel J. D. Powers, president of the company, said he represented six hundred thousand independent telephones within one thousand miles of the city, which were clamoring for connection with New-York. He spoke of the advantages to the city in the establishment of competition to the existing monopoly, and promised an interborough rate of five cents a message.

No one appeared in opposition, but the Merchants' Association sent a communication expressing satisfaction with the existing telephone conditions, and warning the city not to be in too great a hurry to promote opposition and destructive competition.

Speaking of the company's plans, John A. L. Campbell, of the law firm of Campbell & La Far, general counsel for the company, said:

general counsel for the company, said:

We are much pleased at the outcome of the hearing to-day. We were not at all surprised at the protest filed by the New-York Telephone Company through the Merchants' Association. It will scarcely require any argument to show the source of that protest. The fact is, since the basic patents of the Bell expired some ten years ago, more than two million telephones have been installed in the United States and more than \$300,000,000 of money is invested in the business. With the exception of New-York and Boston, every large city in the country has two systems of telephones, and the fact that the independent companies are operating nearly three times as companies are operating nearly three times as many telephones as the Bell, which has been in the business over thirty years, speaks for itself. The equipment is newer and superior in every way to that used by the Bell. The charges on the whole do not average 50 per cent of those of the Bell. of the Bell.

NEW RECORD COTTON PRICES.

Advance Largely Due to Stopping July Notices and Rumors of Corner.

There was a renewal of bull activity and excitement in the cotton market yesterday, with prices making new high records for the season. The advance was largely due to the stopping of July notices and rumors of a corner in that position, and was assisted also by further accounts of a very strong Southern spot market and uncertainty over the progress of the crop. July showed the greatest advance, selling as high as 2.73 cents a pound. 47 points, or \$2.35, a bale higher than at the close on Thursday. August scored a maximum advance of 39 points, selling up to 9.71, and October touched 9.80, 34 points up. There was a partial recession in the late trading, on realizing, but the market closed steady, at net advances for the active futures ranging from 31 to 39 points. The total sales were estimated at £50,000 bales. vance was largely due to the stepping of July no-

READY FOR MERCHANTS' TRUST BIDS. Otto T. Bannard, president of the New-York Trust Company, which is joint receiver, with Douglas Robinson, of the insolvent Merchants Trust Company, said yesterday that the report was untrue that bids were about to be formally opened for the assets of the trust company. He had informally advised persons likely to bid for the assets of the Merchants Trust Company, he added, that he was ready to receive their bids. Up to the close of business yesterday no definite and formal bids had been submitted.

MANY MORTGAGES FILED

Register Ronner's Force Busy All Day-\$30,000,000 Represented.

The fact that the mortgage tax law goes into effect to-day served to draw a crowd of more than four thousand persons to the Morton Building, in Nassau-st., yesterday. At times the pushing throng became so numerous that finally Register Ronner was obliged to ask Captain Hodgins of the Oak-st. station for policemen to aid him in carrying on the business of his office. Captain Hodgins responded quickly and sent to the building a squad of men under the command of Detective Maher, who, after looking over the ground, decided that six men could take care of the crowds and withdrew the rest of the squad.

The figures for the day had not been made up early this morning, although at 1 o'clock twenty-five clerks were still at work on the papers. They expected to stay until daylight, though their hopes were that the work would be finished by about 3 o'clock. About midnight Mr. Ronner gave out a statement in which he said that for the day there had been no fewer than three thousand papers filed. He said that of these twenty-two hundred were for mortgages. He thought that the amount of money represented in the papers could be not less than \$30,000,000. His examination of the papers, he explained, was only cursory and the corrected tables might show him to be badly mistaken.

With Mr. Ronner were his first deputy, Henry H. Sherman; second deputy, Joseph P. Hennessey, and the chief clerk, Bernard Douras, William H. Sinnott, the newly appointed deputy, was on hand, and offered his services, but as his term of office does not begin until to-day the

offer was declined The office of the Register in Kings County has been fairly swamped with work in the last few days. On Thursday all records in the his-tory of the office were broken, when 1,198 mortgages were handed in so that they would escape being taxed. Yesterday this record was surpassed, as in the neighborhood of 2,250 mort-

gages were presented to be placed on file.

Register Dooley will not announce the names of the appointees he has been authorized to add to his staff as a result of the additional work caused by the Mortgage Tax bill until to-day. Inasmuch as he is to have a hard primary fight on his hands in the fall, and no election patronage, it is believed that most of the appointments e from his own district, the 12th

POWDERLY CONTROLS COAL COMPANY.

Meeting of Black Diamond Stockholders Under His Swav.

The annual meeting of the stockholders of the Black Diamond Anthracite Coal Company began in Jersey City yesterday forenoon. Terence V. Powderly, the president, was elected chairman, and early in the meeting it became evident that he and his friends were in control,

President Powderly called the meeting to order and explained that in electing a chairman of the meeting each shareholder would have one vote for his shares and one vote for each proxy he held. While the work of enrolling the shareholders and proxies and the stock they represented was in progress Mr. Limburger challenged the stock held the following "on the ground that it had been fraudulently issued": F. H. Whitney, Peter Whitney, M. L. Osgood, Minnie Lewin, H. A. Van Horn, W. R. Redman, W. F. McCaffrey and E. J. Burke. He challenged the 29,000 shares of stock accredited to C. F. Balcon and a smaller amount of shares registered to T. B. Kronk, on the ground that it was issued in the names of fictitious persons or persons who did not exist.

Chairman Powderly ruled that the stock books were the only evidence before him of the legality of stock and that, therefore, the challenges were out of order. fraudulently issued": F. H. Whitney, Peter Whit-
